DETAILED ACTION

1. Amendment filed on 01/18/2005 has been entered.
2. Claims 12, 14-19 are presented for examination.

EXAMINER'S AMENDMENT

3. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with John R. Mattingly on 02/15/2005.

The application has been amended as follows:

Regarding claim 14, line 2, changed "13" to -12--.

Reasons for Allowance

4. Claims 12, 14-19 are allowed.

The following is an examiner's statement of reasons for allowance:

Claims 12,14-19 include allowable subject matter since the prior art made of record and considered pertinent to the applicant's disclosure does not teach or suggest the claimed limitations. The prior art does not teach the claimed invention having a semiconductor device formed on a semiconductor chip comprising a voltage generating circuit includes a fourth circuit that changes outputs the third operating voltage which is a function of the first operating voltage, and a rate of change of the first operating voltage to the first operating voltage varies from a first rate of change to a second rate

of change greater than the first rate of change when the first operating voltage is higher than first a first voltage.
